

Sponsorship Prospectus

Overview

Date: 24-25 November 2016

Website: <https://pyzim.github.io>

Attendees: Approximately 100

Organizer: PyCon Zim Organizing Team

What is PyCon

PyCon (https://en.wikipedia.org/wiki/Python_Conference) in short Python Conference is a conference of the Python Programming Language. It was first held in the United States in 2003. It is attended by thousands of people from academics and the IT industry.

What is PyCon Zim 2016

PyCon Zim is the Zimbabwean Chapter of the event. It is the first gathering of Python programmers in Zimbabwe & it will be bringing together developers, experts, researchers, scientists, enthusiasts, companies dealing in python. PyCon Zim is aimed at promoting and educating people about the Python programming language.

Why sponsor?

Sponsoring PyCon Zim has the advantages of:

- Recruiting : Get in touch with the local and international python technical community (users and developers), by having the chance to meet them in person with the conference tickets you'll be entitled to.
- Marketing : More exposure on your company's business and services to the local and technical community, through the banners or booths that come with your sponsorship
- That Fuzzy Feeling : PyCon Zim is run by volunteers for the python community specifically and the open source community generally. Directly supporting us lowers the costs for the community to attend, and also allows us to be sustainable for future greater
